Promotional pricing is available on selected Fibre Network Operators (FNO)

Six simple steps for your fibre installation

1 Check your coverage

Check to see if you have fibre coverage at <https://fibre.mtn.co.za> or visit your nearest MTN store.

2 Application process

Complete the application process and select your desired package. An MTN Fibre Agent will contact you to confirm details and schedule an installation appointment.

၂

3 Fibre installation

A Fibre Network Operator (FNO) technician will contact you to install and activate your fibre box (ONT) and fibre line in your home.

4 Home router set-up

Once the fibre line is installed, a free-to-use router will be delivered to your home address.

5 You are connected

Sit back and enjoy
your fibre connection.
Stream, browse and
play with MTN Fibre.

Terms and Conditions apply. Shesh@ Capped: The Shesh@ Capped price plans will be available from 20/06/2025 on a 24-month contract that is subject to credit vetting. Customers must check their physical address against the coverage map in order to ensure connectivity, or ensure that the sales agent has their correct physical address when checking it against the coverage map. Connectivity to either the fixed 4G or fixed 5G network is dependent on the type of device used, as well as the type of network coverage available at the customer's physical address provided during the coverage and capacity checks. In order to access the service, an MTN-approved router must be used. If a non-MTN-approved router is used, the service will be unavailable. Access and connectivity to the network through the router is limited to the customer's physical address and geographic location ("geolocked") provided during the coverage and capacity check. Should a customer move outside of their registered physical address, the service will be unavailable until the customer makes use of their service in their registered physical address. The Shesh@ Capped price plans will include Anytime Data and Night Express data based on the price plan selected. The price plan and data bundles are a best-effort service and speeds may vary. Night Express data can only be used between 00:01 and 04:59. Customers will have the option to purchase Shesh@ data top-up bundles, which are only applicable to the Shesh@ Capped price plans. For full Terms and Conditions on all products and promotions, see pg. 2 or visit mtn.co.za. E&OE.

Exclusive 5G offer – available in selected areas, subject to
coverage map check and dependent on 5G connectivity.

5G free-to-use router models may vary.

***Fair-Use-Policy applies

Terms and Conditions apply. *Best network quality as determined by Umlaut Mobile Benchmark South Africa 2024. Shesh@ 5G: The MTN Home 5G promotion will be available 04/03/2025 – 06/08/2025. To qualify for the 5G promotion, the customer's permanent physical address must be within the fixed 5G coverage area, which can be checked on the MTN coverage map. The 5G bonus data (100GB or 300GB) will be loaded on the first of each month for a maximum period of 12 months, which will be depleted first and will not carry over. **5G speeds are based on a best-effort service. The 5G bonus data will only work within the 5G network coverage area and will be depleted (used) on the 5G network. Access and connectivity to the network through the router are limited to the customer's physical address and geographic location ("geolocked") provided during the coverage and capacity check. ***A Fair Usage Policy (FUP) applies. Once the FUP limit has been reached, speeds will be reduced to 512Kbps. For full Terms and Conditions, visit mtn.co.za. E&OE.
